

PROJECT

**GRP Pipes for shipbuilding –
Meyer Yards**

LOCATION

Papenburg

CUSTOMER

Meyer Werft

DESIGN PRESSURE

PN 16 / PN 10

DIAMETER RANGE [mm]

DN 25 - DN 800

PRODUCT

Fiberdur VE

APPLICATION

Different

CONSTRUCTION DATE

2011-2015

DESCRIPTION

Meyer Yards is building passenger cruise ships for various Cruise Liners.

Fiberdur received the order for the delivery of glassfibre reinforced vinylester pipes PN16/PN10, DN 25 - DN 800 for different systems.

Prefabrication of the pipe system is made by Fiberdur.

ADVANTAGE

- Corrosion resistant
- High fluid velocity
- Light-weight material
- Maintenance-free
- Minimum long-term service life of 30 years
- Reduced marine growth
